

Wing 2021

Summit

Wing 2021 is an exclusive, invitation-only summit for senior executives to discuss and debate what's next in technology. The design principles include: a closed-door setting, a highly interactive discussion format, and a prestigious networking opportunity.

The proceedings are under Chatham House Rule. Members of the press are not permitted to attend.

Health and safety are the top priority at Wing. We are implementing Covid-19 protocols based on guidance from the venue, county and CDC. Masks are required indoors. Proof of vaccination for all participants is required prior to check-in.
